

REPORT OF ACTIONS

Effective October 13, 2021 unless otherwise indicated

Initial Accreditation Granted

- South College School of Nursing Nurse Anesthesia Program, Knoxville, TN

Public Disclosure Statement

The South College School of Nursing Nurse Anesthesia Program was granted initial accreditation effective October 13, 2021. The program was found in compliance with the *Standards for Accreditation of Nurse Anesthesia Programs – Practice Doctorate*. Given this action, the program will be scheduled for its next consideration of continued accreditation 5 years following the start of the program's first class of students. The COA may change this to an earlier time as a result of new or additional information, changes in the activities of the program, or changes needed in the accreditation review schedule.

A focused in-person onsite visit of the program will be required, consistent with guidance from the U.S. Department of Education. The COA will conduct a focused in-person onsite review in follow-up to the virtual accreditation review when it is practicable to do so. Programs are advised that the initial accreditation decision may be amended if the follow-up in-person onsite visit reveals areas of partial or non- compliance that are not found resolved by the COA following a review of the program's Response to Summary Report.

Continued Accreditation – Approved

- Crozer Chester Medical Center/Villanova University Nurse Anesthesia Program, Springfield, PA

Public Disclosure Statement

The Crozer Chester Medical Center/Villanova University Nurse Anesthesia Program was granted continued accreditation for 10 years effective October 13, 2021. The program was found in full compliance with the *Standards for Accreditation of Nurse Anesthesia Programs – Practice Doctorate*. Given this action, the program will be scheduled for its next consideration of continued accreditation in Fall 2031. The COA may change this to an earlier time as a result of new or additional information, changes in the activities of the program, or changes needed in the accreditation review schedule.

A focused in-person onsite visit of the program will be required, consistent with guidance from the U.S. Department of Education. The COA will conduct a focused in-person onsite review in follow-up to the virtual accreditation review when it is practicable to do so. Programs are advised that the continued accreditation decision may be amended if the follow-up in-person onsite visit reveals areas of partial or non- compliance that are not found resolved by the COA following a review of the program's Response to Summary Report.

- Drexel University Nurse Anesthesia Program, Philadelphia, PA

Public Disclosure Statement

The Drexel University Nurse Anesthesia Program was granted continued accreditation for 10 years effective October 13, 2021. The program was found in full compliance with the *Standards for Accreditation of Nurse Anesthesia Programs – Practice Doctorate*. Given this action, the program will be scheduled for its next consideration of continued accreditation in Fall 2031. The COA may change this to an earlier time as a result of new or additional information, changes in the activities of the program, or changes needed in the accreditation review schedule.

A focused in-person onsite visit of the program will be required, consistent with guidance from the U.S. Department of Education. The COA will conduct a focused in-person onsite review in follow-up to the virtual accreditation review when it is practicable to do so. Programs are advised that the continued accreditation decision may be amended if the follow-up in-person onsite visit reveals areas of partial or non-compliance that are not found resolved by the COA following a review of the program's Response to Summary Report.

- InterAmerican University of Puerto Rico Master of Science in Anesthesia, Arecibo, PR

Public Disclosure Statement

The InterAmerican University of Puerto Rico Master of Science in Anesthesia was granted continued accreditation for 4 years effective October 13, 2021. Given this action, the program will be scheduled for its next consideration of continued accreditation in Fall 2025. The COA may change this to an earlier time as a result of new or additional information, changes in the activities of the program, or changes needed in the accreditation review schedule. The program must submit a progress report documenting actions taken to come into full compliance with criteria in the *Standards for Accreditation of Nurse Anesthesia Educational Programs* related to program adherence to the COA's "Certification Examination" policy and National Certification Examination outcomes as well as student evaluation of clinical sites and instruction.

A focused in-person onsite visit of the program will be required, consistent with guidance from the U.S. Department of Education. The COA will conduct a focused in-person onsite review in follow-up to the virtual accreditation review when it is practicable to do so. Programs are advised that the continued accreditation decision may be amended if the follow-up in-person onsite visit reveals areas of partial or non-compliance that are not found resolved by the COA following a review of the program's Response to Summary Report.

- Midwestern University Nurse Anesthesia Program, Glendale, AZ

Public Disclosure Statement

The Midwestern University Nurse Anesthesia Program was granted continued accreditation for 10 years effective October 13, 2021. The program was found in full compliance with the *Standards for Accreditation of Nurse Anesthesia Programs – Practice Doctorate*. Given this action, the program will be scheduled for its next consideration of continued accreditation in Fall 2031. The COA may change this to an earlier time as a result of new or additional information, changes in the activities of the program, or changes needed in the accreditation review schedule.

A focused in-person onsite visit of the program will be required, consistent with guidance from the U.S. Department of Education. The COA will conduct a focused in-person onsite review in follow-up to the virtual accreditation review when it is practicable to do so. Programs are advised that the continued accreditation decision may be amended if the follow-up in-person onsite visit reveals areas of partial or non-compliance that are not found resolved by the COA following a review of the program's Response to Summary Report.
