Approved list of schools American Association of Nurse Anesthetists Council on Accreditation December, 1975

This approved list of nurse anesthesia schools throughout the United States includes such information as the length of the course offered, the starting dates of the programs, whether or not cash stipends are given, and whether or not room and board are provided. The list is further broken down into schools that offer BS degree programs, MS degree programs, and those that accept applicants only from the U.S. Air Force, Army, Navy, or Public Health Service.

In addition, new schools—both those that have been granted provisional approval and those that have been granted pre-accreditation status—are listed. The dates when schools are to be reviewed for accreditation by the AANA also are stated.

**American Association of Nurse Anesthetists
Council on Accreditation
List of Recognized Educational Programs
For Nurse Anesthetists
June, 1976**

This list of recognized nurse anesthesia schools throughout the United States includes such information as the length of the course offered, the starting dates of the programs, whether or not cash stipends are given, and whether or not room and board are provided. The list is further broken down into schools that offer BS degree programs, MS degree programs, and those that accept applicants only from the U.S. Air Force, Army, Navy, or Public Health Service.

In addition, new schools—both those that have been granted provisional approval and those that have been granted Initial Accreditation—are listed. The date of last review and the date of next review by the Council are stated.
